

Cellular PVC Trim

Warranty

Before Installation, please keep in mind that Fypon Cellular PVC Products:

- ~ Should be used for decorative purposes only, not to provide structural support.
- ~ Should never be installed with mechanical fasteners only. For best results, always use coated or stainless steel fasteners along with Bond & Fill™ for joining boards and a high-performance construction adhesive for adhering to siding or substrate.
- ~ Are easy to repair. Use Bond & Fill™ or comparable product to quickly fill dents or gashes. Broken moulding can easily be successfully rejoined with Bond & Fill™.
- ~ Should be stored on a flat level surface.
- ~ Should never be placed in an area subject to solar temperature buildup, such as behind a storm door.
- ~ May require altered installation procedures to meet local specifications. Check local building codes.

The installation suggestions are to be used only as a guideline.
