

EASTERN WHITE CEDAR SHINGLES

MRS STOCK PROGRAM

MAKE IT TIMELESS

Waska® Eastern White Cedar Shingles are a timeless, beautiful, and functional option for nearly any building or remodeling project. With one of the thickest shingles in the industry, Waska prides itself in offering top-of-the-line Cedar products that adhere to the highest industry standards. Individual shingles are available in natural, kiln-dried, and factory-coated (one or two coats) in a variety of colors. Our factory-coated cedar shingle has become the pillar of the entire Waska gamut with optimum durability, ease of installation, and the most value for your investment.

Superior quality and protection with our proprietary water based 100% acrylic latex coating, Machinecoat™
